## MVM 3D Milling BV

---

5 axis milling in every shape !

In march 2013 MVM 3D-milling BV opens her doors at Turbinestraat in Hengelo.

As a sister company of MVM Model Vorm Makerij BV in the MVM group, MVM 3D Milling BV will be focussed on developing and delivering all kinds of 3D shapes for the foundry industry. At the same time our market will expend to shaping, design and manufacturing of prototypes.
